I'm sure a lot of you have heard by now that the new cKy album (Carver City) has leaked onto the internet. While I must admit I took a quick listen to it I wanted to express how important it is to support them as artists if you really like them. Go buy their album, go to their shows, download them on iTunes. Support them however you can. I've got their album pre-ordered at Amazon, you should do it too . Have you heard it? What do you think?
